WLO
RADIO

For over 40 years, serving the maritime community locally and internationally 7 days a week, 24 hours a day, providing fast, convenient, economical "radio link" access to and from vessels and rigs at sea...

SHIP TELEX...

WLO Radio has available over 40 SITOR radiotelex channels, making WLO the largest capacity marine telex coast station facility in the United States. WLO Radio offers worldwide connection via all major carriers.

SHIP TELEGRAMS...

WLO provides fast, efficient, personal handling of your CW messages by experienced, professional operators utilizing state-of-the-art technology and conscientious care to deliver your message.

SHIP PHONE...

Conversational voice radio communications with direct connection for business and personal calls via SSB to the Gulf of Mexico and other ocean areas.

Specialized Features of WLO Radio's Services

TIME SLOT TRAFFIC AND WEATHER BROADCASTS—Broadcasts via our computerized system are made on both radiotelex and radiotelegraph modes. This service is provided free of charge and the covered areas are SW North Atlantic, North Atlantic, Caribbean, Gulf of Mexico, Tropical Weather Outlook and Pacific High Seas. The data is updated every 6 hours from information obtained from the U.S. Weather Bureau. Also, during the Hurricane Season, WLO augments its Time Slot information by providing timely storm advisories in both modes.

SHIPBOARD DAILY NEWS—Each transmission relates the latest world and national news, current-day sports events, and a financial report listing the most active stocks. Also included is a list of the high and low temperatures in 24 selected cities and the conversion rate for the 9 major world currencies. The report is transmitted on a daily basis and runs approximately 30 minutes. Two rate options are available, **MONTHLY** or **OCCASIONAL**, to enable you to tailor your report so that you can receive only the information you really require. Individual segments can be arranged as required.

FLOWER ORDERS—Passengers and/or crew members wishing to wire flowers for any occasion need only call WLO Radio and specify, "FLOWER ORDER." Your order can be charged to VISA, MASTER-CARD, or AMERICAN EXPRESS. Flower orders are taken on telex or CW frequencies.
